For more than two decades, Brown, Vence & Associates, Inc. has drawn on its technical, financial, and engineering expertise to assist clients internationally in meeting their technical and management consulting needs in solid waste and energy management. BVA has provided services in Latin America, Europe, Asia, and the Middle East with the assistance of multi-lateral banks, including:

- ◆ Inter-American Development Bank
- ◆ U.S. Agency for International Development
- ◆ U.S. Trade and Development Agency
- ◆ World Bank
- ◆ Other U.S. and international agencies

Worldwide, BVA has assisted communities and companies in planning and implementing waste management, energy efficiency, and small power production services. BVA assists international clients in planning, evaluation, and institutional strengthening, and procurement services in the following areas:

Waste Management

- ◆ Collection systems
- ◆ Landfills and landfill gas control
- ◆ Materials recovery and transfer facilities
- ◆ Medical and hazardous waste
- ◆ Recycling and green waste

Energy Efficiency

- ◆ Audits
- ◆ Design review
- ◆ Demand-side management
- ◆ Policy
- ◆ Aggregation

Small Power Production

- ◆ Cogeneration
- ◆ Distributed energy
- ◆ Renewable energy production
